

FreeFlow Friends and Family,

In light of present circumstances in dealing with COVID19, We at Freeflow are taking the appropriate precautions to insure safety and health within our local community and in keeping with our recent Federal guidelines. FFE will not need to have direct contact with our Clientele as most all of our applications can be conducted outside or in an area unoccupied. All these transactions may occur digitally. Our highly trained staff will work to assist you any way we can in this process.

Freeflow is an Essential service and Sanitation company who will be working within and through this difficult time to allow you to operate unimpeded, or deal with any emergency drainage circumstance that may occur. Due to the heightened response of our Nation in this time Freeflow will offer service rates and delays of payment with contract unprecedented as a business reaching out to do our part.

Freeflow Environmental is committed to **the safety of all our employees, Family and Loved ones as well as the welfare of our valued Clients. Our remediation techniques and products are EPA registered disinfectants which encompass 140 Kill claims Mold or microbe pathogens Including the COVID-19 virus.** Please call to consult with our staff on any questions you may have in this regard and/or if you'd like to schedule a Sanitation or Home Cleaning.

Here are some precautions each of us can do to slow the spreading of the virus.

- Frequent hand washing or use of alcohol-based sanitizer (Effective hand washing takes about 20 seconds of lathering with soap and water, and effective hand sanitizer is at least 60% alcohol)
- Avoid close contact with others to the best of your ability, the more space between two people the less likely they are to spread infection
- Cover your cough or sneeze and wash your hands thoroughly after
- Clean highly touched surfaces frequently in your home and workplace
- If you do get sick, avoid public places and stay home from work
- Use a surgical face mask if you are currently sick and must be around others

This is a time when we all must ban together for the greater good. To everyone be safe and God Bless

- FreeFlow Environmental
